**SHOOTING GALLERY.**

All kinds of Musical Instruments at the  
pleasure of the Guests. Also a splendid garden  
attached with a TEN-PIN ALLEY. The same  
superintended by ALEXANDER, who will en-  
deavor to give satisfaction to his friends and  
guests. L. WINTERMANTEL, Prop.  
Reno, April 9, 1876—3m

**A CARD TO THE PUBLIC.**

THE ADVERTISEMENT OF THE CARSON  
SOAP WORKS which appears in to-day's  
Nevada State Journal was composed and written by me  
before ever the manager or workman of the Car-  
son Soap Works knew what a piece of soap was. I  
am surprised at L. B. Greenlaw appropriating an  
advertisement written by a person not having  
charge of the educational interests of a certain  
portion of our State. Were I connected with in-  
stitutions of learning I would not appropriate the  
simple composition of a hard-headed son of  
toll, endeavoring to advance my own interests.  
F. H. MULCAHY.  
Carson City, May 12, 1876.

**J. K. EVERETT,**

We traveled over the Nevada County Narrow Gauge Railroad a few days ago. It runs from Colfax to Nevada City, a distance by rail of 22 1/2 miles, through a very unfavorable country. The grade in many places is 128 feet to the mile, and four bridges are required. The road bed is the best made we ever rode over, its smoothness being a great improvement over the Central Pacific. The entire road cost \$500,000, one-half of which was subscribed by the citizens of Grass Valley and Nevada, and the other half issued in bonds. It has but two important towns on its line, Grass Valley and Nevada. At present it has but two engines, two coaches, two smoking cars, two cabooses, and thirty flat and box cars. Another engine is needed badly, as the amount of business already done by the road keeps them busy, with no reserve in case of accident. Two trains are run daily over the road, and are known as "mixed," as they carry both passengers and freight. A local train runs between Grass Valley and Nevada city daily, and every Sunday an excursion train to Colfax. Small as this road is it is doing a profitable business. We are told, though not authoritatively, that the expense of running it is \$80 a day, and that the receipts from Grass Valley office alone more than pays this, leaving the receipts from Nevada city and the back country as profits.

Our object in writing this is to show how promising a narrow gauge road from tide water to this State would be. Surely the country is not any rougher, if it is as rough, as the Nevada county road runs through. Just as fine timber land would be tapped, and many important towns could be reached, to say nothing of those which would spring up. Here is a splendid chance to invest money advantageously. No doubt the road would be crowded with work from the first. Comparatively cheap in construction, with running gear light and cheap, (the Nevada county engines cost but \$10,000 apiece) we can see no reason why it could not be more profitably run than a broad gauge. The narrow gauge is without doubt the very best for mountainous countries.

**TO THE COLORADO.**

The Winnemucca Register has been informed by parties connected with the Eureka and Palisade railroad that that company has contracted for three hundred miles of track iron, and it is their intention to push the road through to the Colorado river at once. This will open up a splendid country and place us in direct communication with Arizona. We sincerely trust the above information is the truth. Nevada needs a road running down that way which will connect with the 32d parallel trans-continental road. If the Eureka road does not mean business we should like to see the Virginia and Truckee road extended on to the Colorado.

It is reported that the New York Central and Hudson River Railroad will reduce the passenger rates as follows: From New York to the following points:—to Chicago, \$17; Cincinnati, \$15; Indianapolis, \$16; St. Louis, \$22; Louisville, \$19; Detroit, \$13. It is also understood that the Pennsylvania Railroad will make similar reductions.

THE railroads East are reducing their fares to a Centennial grade. How long, oh! Stanford and Colton, are we to stand the present tariff on your roads. Can't you do something to assist patriotism on to Philadelphia.

To-day is the 1st of June. We charge nothing for the information.

**MR. ADOLPHUS WAITZ.**

Adolphus Waitz, United States Land Register at Carson, has been indicted by the United States Grand Jury for extorting money. Waitz has been in the habit of charging \$250 for his services, as attorney, in the procurement of land or mining patents, when the application has not been contested. He had no right to make any such charge, although he claimed that he had as much right to fees for his services, in obtaining a patent quickly, as any other attorney. If, however, the claim had subsequently been contested, Waitz, the acting attorney, would have been actually judge. The case would have been tried before him. In view of these facts the U. S. Senate should hurry up and confirm Hon. C. N. Harris, who was lately appointed Register, but whose appointment up to this time has not been acted upon. The sooner Judge Harris is inducted into that office the better it will be for all concerned.

THE *Republic Magazine* for June sustains the well-deserved high reputation of this excellent monthly. To all who expect to take part in the Presidential campaign, and to all who desire to form correct opinions on current political topics we earnestly commend the *Republic*. It is doing a good work, has already been recognized as a power for good, and should receive the cordial support of every intelligent Republican. We trust our readers will give it that encouragement which its merits demand. This number closes the sixth volume. Among its well-considered articles for June we note: Work of the Patent Office; The Church, the State, and the Public Schools; The Truth of History and the Horrors of Andersonville; Southern Judicial Ku-Kluxism; Congressional Investigations; Domestic Commerce. Inclose \$2 for one year's subscription to *Republic Publishing Company*, Washington, D. C.

THE telegraph reports that a Supreme Court decision delivered by Mr. Justice Field, in the case of *Welton* against Missouri, holds that a license tax required for the sale of goods is in effect a tax upon the goods themselves, and that a State license taxing the sale of goods from other States and requiring no such license tax from persons selling similar products of the taxing State, is in conflict with the power of Congress to regulate commerce among the several States, and is therefore unconstitutional.

THE committee having in charge the arrangements for the coming celebration in Carson have selected the following gentlemen as officers of the day: Judge Thomas P. Hawley, President of the Day; J. R. Kittrell, Reader of the Declaration of Independence; Colonel R. H. Taylor, Poet; B. C. Whitman, Orator; and S. T. Swift, Grand Marshal, with power to appoint all deputies.

Lager beer is retailed to thirsty customers at ten cents per glass within the Centennial grounds, and it is not particularly good. That large class of the population which considers life a burden with the mercury at eighty degrees and beer at ten cents are pronouncing the Exhibition a failure, and the Commission an assemblage of incapables. Some of the restaurants only sell beer in bottles, and it costs twenty cents to open a bottle.

RESOLVES to inquiries made in the lobby of the House of Commons show that the Government doubtless intends to surrender Winslow, and that the only difficulty is to find the means of doing so gracefully. Members of Parliament of all parties agree to the justness of the surrender.

THE Silver Hill Mining Company yesterday in San Francisco voted to increase their capital stock from \$5,400,000, divided into 540,000 shares, to \$10,800,000 divided into 1,080,000 shares. The old Board of Trustees were re-elected.

THE Consolidated Virginia Mining Company yesterday paid the city tax on its bullion product for the quarter ending March 31. The Virginia City Treasury is thus made \$32,930 richer.

THE Storey Co. Assessor, Gracely, yesterday attached three bars of Ophir bullion, because of that unpaid bullion tax.

**TELEGRAPHIC NEWS.**

**EASTERN DISPATCHES.**

**Vicksburg Riots—Lightning Train—Will Contest—Hazardous a Guess—Trying to Break the Force.**

**Geological Voyage.**

**NEW YORK, May 31.**

A Washington special says it is understood that in his testimony before the Senate Committee on Mississippi Affairs, which sits in secret, Ex-Governor Ames told a story about the Vicksburg riot in December, 1874. The testimony shows that the real and deliberate author of the Vicksburg riot was Governor Ames himself; that his order to Crosby to summon the negroes was given in the face of the advice of his Attorney General; that there was a remedy in the courts, and his words show the deliberate intention of causing bloodshed and the killing of negroes in order to advance partisan interests.

The *Herald* publishes an interview with George M. Turney, of this city, from which it appears that the suit against A. T. Stewart's estate will be commenced after all. The attorneys represent wealthy families, and the litigation over the property promises to be long and costly. The Turneys claim to be third cousins of deceased their grandfather and Stewart's father having, as alleged, been brothers. The lawyers have been engaged by plaintiffs, and the papers will be probably filed on Saturday.

A special from Norwich, Conn., says that the schooner *Era* sails on Monday next, on an expedition to the Arctic seas, to collect graphite, mica, and other minerals, for the Smithsonian Institute. The vessel is under the charge of Capt. James Buddington, and is well supplied with mining tools.

A *Herald* reporter has interviewed Thurlow Weed on the Presidential ticket. He did not think Conkling could succeed, and that the rival candidates would be Tilden and Washburn.

A Washington special says there is every reason to believe that the onslaught on Kerr was made by disappointed New York politicians. Green for many years has been convinced that Harney pocketed his money, and never paid Kerr a cent of it, as he claimed.

**Quebec Fire.**

**QUEBEC, May 31.**

The number of buildings destroyed is now roughly estimated at from 600 to 800. The burnt district was very thickly populated by the laboring classes. Some 2,000 families are rendered homeless, while a number of private residences are destroyed. The amount of insurance is heavy.

**Still in the Tolls.**

**LONDON, May 31.**

In Chambers, to-day, the Attorney-General applied to the Judge for a further remand of Winslow. He suggested that he be remanded for an indefinite period. The Judge remanded Winslow until the 16th of June.

**WESTERN DISPATCHES.**

**Trotting Race—Anti-Coolie Clubs—Pardoned.**

**SAN FRANCISCO, May 31.**

The trot at the Bay District track yesterday, mile heats, best three in five to harness, for a purse of \$250, between Lou Whipple, Dirigo, American Maid, Alameda Maid, Ella Lewis and John Chambers, was won in three heats by Whipple, in 2.35 1/4 and 2.37 for the first and last heats. The time on the second heat was not taken.

The South San Francisco Anti-Coolie Club held a meeting last evening. A communication, signed by the corresponding secretary of the Eleventh Ward Club, was read, requesting all anti-coolie clubs to unite in preventing the use of brick or any materials by the Superintendent of Streets made by firms employing Chinese labor. Several names were reported by the Investigating Committee and placed on the black list, the reason being that they employed Chinamen.

Wm. Cloonan, alias Cot-face Jack, who was sentenced to prison for five years, for alleged participation in the stealing of the picture of Elaine, last year, has been pardoned by the Governor, two of his pals swearing that he had nothing to do with the affair, and that he was convicted wrongfully.

Several cases of small-pox are reported in San Francisco.

**LATEST NEWS ITEMS.**

The observance of Decoration Day was more general throughout the country yesterday than ever before.

It is thought the Belknap impeachment trial will be postponed until November, when the Senate will re-assemble for that special purpose.

Blaine is said to be preparing a statement in regard to recent disclosure concerning him.

There was a large attendance at the Philadelphia Exhibition Tuesday.

A sister of the Tichborne claimant has been sentenced to seven years' penal servitude for theft.

A treaty of peace has been concluded between Guatemala and San Salvador.

At 4 o'clock Tuesday morning a disastrous fire broke out in Quebec. One thousand houses were consumed and property destroyed to the amount of \$1,000,000. Hundreds of the inhabitants are without shelter.

Thirty-one prisoners were discharged from the California State Prison Tuesday.

We have just received, from Messrs. Sherman & Hyde, music dealers, San Francisco, a beautiful new song and chorus, entitled, "Darling Little Jessie," written in the popular style of James A. Kerr. The various minstrel troupes throughout the country have taken it up, and it bids fair to become as popular as "Is my Darling True to Me," published by the same house. The price of each of these songs is but 35 cents, and will be forwarded, post paid, by the publishers upon receipt of the amount in currency or postage stamps.

A SOLEDAD man has put up a ninety-horse power engine, and will soon have it at work crushing cactus and turning it into pulp for the manufacture of paper. He has a contract with George W. Childs, of the Philadelphia *Ledger*, to deliver twenty tons of pulp a week.

THE National Gold Medal was awarded to Bradley & Kelson for the best Photographs in the United States, and the Vienna Medal for the best in the world.

THE FAST TRAIN -We have here

before given some particulars about

the fast train which is to be run from

New York city to San Francisco in

eighty four hours The train will

leave New York this morning, and

will consist of three coaches. Hank

Small, the engineer of the C P. pay

car engine (No 96), left Wadsaorth

last Friday morning for Ogden for

the purpose of taking the train from

that point clear through to tide wa

ter without stopping He will on

this occasion drive engine No. 149,

which has been completely refitted

for this particular trip. Its cylinders

are 16 1/2 inches, and the drive

wheels five feet in diameter It is

capable of a high rate of speed, and

has made the 135 miles between

Winnemucca and Wadsaorth in three

hours Fears are entertained by ex

perienced railroad engineers that the

engine will be troubled by hot boxes,

as it will go the entire 900 miles be

tween Ogden and San Francisco

without stopping save to take water

and wood Hank Small will be the

only engineer between these points

as he is acquainted with the road, but

he will have four firemen, who will

have all they can do This train will

have the right of way over all others

It the train makes it intended time it

will pass through Reno Sunday morn

ing next at about four o'clock and

will be in San Francisco in time for

dinner

O'HARA FURNACE -A late Mining

and Scientific Press gives illustrations

of the O'Hara chloridizing furnace,

one of which is now in successful

operation at the Consolidated Poe

mine, in this county Fig 1 is a

sectional side elevation, Fig 2 a plan

or view of bottom health, and Fig 3

a perspective view of the furnace

The same paper also copies from the

JOURNAL a description of the furnace,

together with several important

items about this new mode of treat

ing Peavine ore In conversation

with Mr O'Hara yesterday, he in

formed us that he had just received

an order from Silver Mountain for

one, and several other parties were

in communication with him to the

end that his furnaces might be in

troduced

CENTENNIAL visitors are passing

through town every day Such an

event occurs but once in a life time,

and we might as well "take it in."

PATRONIZE HOME INDUSTRY.

ASK YOUR GROCER FOR THE  
PIONEER SOAP COMPANY'S  
SUPERIOR ERASIVE  
OR  
CHEMICAL OLIVE SOAP.  
Warranted to wash in Hard or  
Soft Water.  
AFTER USING ONCE, NO PERSON WILL BE  
WITHOUT IT.

It has been proven beyond a doubt, by the  
most scientific men of the day, that disease is  
often propagated by the use of soap which the  
use of pured fats and oils, and fats extracted  
from animals dying of a malignant disease are  
employed. Hence the necessity of every house-  
wife's exercising caution in purchasing her Soap.  
We use nothing in the Manufacture of our Soaps  
but the

Pure Tallow and Vegetable Oils,  
Obtained from animals slaughtered when in a  
healthy condition. We practice the motto,  
"THE BEST IS THE CHEAPEST."  
We also Manufacture the Celebrated  
CHLORINE WASHING POWDER:  
As a Disinfectant it has no superior. It Bleaches  
your clothes White and Clean

MINING NOTICES.

APPLICATION FOR PATENT.  
(Notice No. 308.)  
U. S. Survey, No. 40.  
U. S. LAND OFFICE, CARSON CITY,  
Nevada, April 5th, 1876.

NOTICE IS HEREBY GIVEN THAT THE  
Golden Fleece Gold and Silver Mining  
Company,  
A corporation existing and organized  
under the laws of the State of Nevada, whose  
postoffice address is Reno, Nevada, has this day  
by T. K. Hymers, its President and duly author-  
ized agent made application for patent for three  
hundred and three (303) linear feet of the  
Golden Fleece Lode, bearing gold and silver,  
together with surface ground six hundred feet in  
width, for the convenient working thereof, sit-  
uated in the Peavine Mining District, County of  
Washoe, State of Nevada, and designated on the  
official plat on file in this office as U. S. Survey  
or Lot No. 40. The entire location of said Golden  
Fleece Gold and Silver Mining Company's claim,  
embracing within said original notice of  
location that portion now in conflict with the  
Cable Cons. Gold and Silver Mining Company's  
claim, U. S. Survey No. 37, and to which the said  
Golden Fleece Gold and Silver Mining Company  
applicant herein, claims the right of possession  
and ownership in virtue of a compliance with  
the mining rules, regulations and customs by  
itself and grantors, but to which said ground  
now in conflict with the Cable Cons. G. & S. M. Co.,  
no patent is sought to be obtained in this  
application, is more particularly described as to  
metes and bounds at the surface by the official  
plat and held notes of the U. S. Survey or Lot  
No. 40, as follows, viz: Beginning at a post marked  
No. 1, 12 ft. S. of Survey No. 40, situated in ravine  
about 210 feet southeasterly from the mouth of  
the Golden Fleece Tunnel and whence the  
1/4 sec. cor. on the east line of sec. 24, T. 20, N. 12  
E. 12 M. D. M. N. 64deg 27min E. distant 605 feet,  
thence running 1st course S. 44deg W at 1605 feet,  
intersect east boundary of the Cable Cons. G. &  
S. M. Co.'s U. S. Survey No. 37 at 1500 feet to  
post No. 2, whence bears S. 37deg E. distant 107 feet,  
thence running 2nd course S. 50deg W at 300 feet  
to south center post at 301 feet intersect west  
boundary of U. S. Survey No. 37 at 100 feet to  
post No. 3 whence bears a lone pine tree near Golden  
Fleece bearing house N 2deg E, a small pine  
tree N 60deg W, distant 150 1/2 feet, thence running  
3rd course S. 34deg E at 12 feet intersect  
west boundary of U. S. Survey No. 37, at 1011 feet  
intersect north boundary of U. S. Survey No. 37,  
8 feet west of post No. 3, whence bears S. 44deg  
W at 100 feet to post No. 4, thence 4th course
